

From the President

Hi All,

It is great to see plenty of support out watching the teams who made finals, and congratulations to those teams that won premierships, many good memories made I'm sure.

While winter may be a fast fading memory, hockey continues with Thursday night Summer comp and the Friday night Juniors to utilise our fantastic turf all year round. Details in this Redletter and on our Facebook page.

Socially, we have also got the End of Season Dinner to be held at the Royal Perth Golf Club, and a few weeks after that the Annual Golf Day down at The Cut. I encourage all to get involved as both are fantastic social opportunities with other club members.

The committee has also been busy, with a draft Constitution available for your review on the Reds website. It will be put to members formally via the AGM to be held on Sun 1st Dec 2019. The AGM is also your opportunity to hear and provide your input into the future of the club in number of areas, be it team structure, coaching resourcing, junior recruitment, capital works and future planning in line with the Strategic Plan.

The AGM is also your opportunity to get involved, positions on the committee are

open for new candidates so please forward your interest to the club secretary. As this is the last Redletter for 2019, I wish to thank all on the committee who have done a wonderful job in voluntary roles this year, the club has a bright future and it's been an honour to serve as the President for the past 3 years.

Sponsor Spot

All of our sponsors make a fantastic contribution to our club. Here's your chance to help out one of our valued sponsors:

As you may be aware I'm doing this charity ride in 3 weeks and I'm \$500 from my target so I was wondering if you would send this out through the Reds Hockey club networks.

So I'm reaching out for your help to get to my target. It would be great to tick this off over the next 10 days so I'm ready to go! The link for the donation page is here <https://www.cancer200.org.au/fundraisers/damianpavlinovich>

If you're wondering what my motivation for doing this, there are three main reasons; 1. My wife has had cancer, 2. When I used to work with the Vietnam Vets I was confronted with many blokes who developed cancers from their service in the war, and 3. As an exercise physiologist I see cancer patients for exercise rehab programs and some of the stories are very quite devastating.

Thanks in advance for your support.

Cheers, Damian
